Dear Subscriber,

This, our sixth sale of Numismatic Literature, continues to showcase the collection of "A Southern Gentleman". As you have already seen, his library contained a vast array of reference material. I am sure that you will find "Part Two" to be equally as exciting as the previous sale. There will be a "Part Three" offered in our January 1991 sale.

We plan to attend the M.A.N.A. Convention in Virginia Beach, VA this month and look forward to Frank and Laurese Katen's auction. Our plans for 1991 include the F.U.N. show in Orlando in January and then on to Boston in April for the Early American Coppers meeting. We will be in Chicago come August for the A.N.A.'s 100th and look forward to meeting many of our customers and correspondents at these shows.

There will be a continuation of our quarterly sales in 1991, with the following as tentative dates: Jan. 26th, Apr. 27th, July 27th, Oct. 26th.

The contents of our Sixth Mail Bid Sale and those in our previous five sales point to the "affordability" of the collecting of Numismatic Literature. With our average lot price at under \$15.00, it is apparent that a working library can be built for less than a "princely" sum.

A "tip of the hat" to William Atkinson of the National Coin Collectors Association for his book reviews and suggested book-reading list contained in the first issue of that organization's publication, "The U.S. Coin Collector". For information regarding the association write to NCCA, P.O. Drawer 1150, Murphysboro, IL 62966.

A reminder that phone bids are accepted until the time of closing. Second bids are allowed, but with the proviso that the second bid will not be reduced. Your bids are treated as limits and every effort is made to act on your behalf, as competition dictates. Please do not bother to bid so low that the only prudent course of action is to disregard that bid. We are also mindful of our responsibilities to our consignors.

You will find an explanation of abbreviations used, a guide to book sizes and a definition of grading listed on the inside back cover of this catalog.

REMEMBER TO USE THE LETTER-NUMBER COMBINATION WHEN BIDDING!!!

Thanks for your business and "Good Luck!"  
Fred L. Lake - Function Associates

## TERMS OF SALE

1. This is an unrestricted Mail Bid Sale. All lots will be sold to the highest bidder. Enter your bid by lot number. Please feel free to bid as much as you wish on each lot, with the realization that all bids will be treated as limits and all lots will be sold below these bids as competition dictates. Bids that are not entered in good faith or are totally ridiculous will be refused at the cataloger's discretion.
2. Closing date for this sale is Sat. Oct. 27, 1990 at 9:00 P.M. EDT.
3. Bidders who are unknown to us are requested to supply two(2) bank or trade references prior to sale or submit a deposit equal to twenty-five percent(25%) of their total bid.
4. A Ten Percent (10%) Buyer's Fee will be added to each lot won. A packing charge of fifty cents per lot plus shipping charges will also be added.
5. **TERMS:** Strictly cash, payable in U.S. funds. Payment is due upon notification of successful bids. Title to all lots remains with the cataloger until paid for in full. Delivery may be postponed until full payment is received, at the discretion of the cataloger.
6. Unsuccessful bidders will be notified by mail in a prompt manner. We recognize the importance of liquidity of funds and will return deposits on a priority basis.
7. A prices realized list will be mailed to each person receiving this catalog. This is being done to ensure widespread dissemination of market information.
8. Mail Bid Sales are not approval sales. No lot may be returned without written authorization and this must be requested within three days after receipt of lots purchased.
9. All books are as described. Any errors or typographical mistakes will be happily corrected.
10. A Florida 6% Sales Tax will be added to all lots delivered within Florida, unless a valid resale number is on file with us.
11. The cataloger has attempted to describe the condition of each lot as to signs of wear. If no descriptor is noted, it may be assumed that the lot is in Fine(F) to Very Fine(VF) condition.
12. "Good Luck in your bidding."

Q. DAVID BOWERS

It is easy to see why there are so many collectors of the material that Dave Bowers has produced in the past 35 years. Not only are the auction catalogs considered to be "masterpieces" of that art, but (more especially) the fixed price offerings of his various firms contain a wealth of information. Whether you are a Large Cent specialist or a Territorial Gold connoisseur, a library containing the "Empire Reviews", the "Bowers & Ruddy Reviews", and the "Special Coin Letters" gives the collector access to more real information than practically any other source. If you are filling some holes or beginning a new collection, the following lots should be of great interest.

AN EXCEPTIONAL OFFERING  
A COMPLETE SET OF "A GUIDEBOOK OF UNITED STATES COINS".

This lot consists of all editions published by Richard S. Yeoman, from the First Edition (1947) through the Forty Second Edition (1989). The "Redbook" is probably the most eagerly sought collectible in all of Numismatic Literature. The reasons for its phenomenal success range from uniformity of size to standardization of color to historical significance, etc. Little did Dick Yeoman realize in 1946 that his guidebook would one day outsell even the "Bible".

Grading of "Redbooks" is a challenge! The cataloger must look at the condition of the covers for brightness of color, spotting, edge "dings" and overall wear. Next on the grading agenda is the Gilt--is it complete and bright (to what degree)? Are the contents crisp and free from moisture damage? Are the pages complete and mark-free? To list every possible degree of each criteria would require a great many pages of catalog space. A ten-point grading system is being given some thought but is so subjective that the prospects are not too bright.

Suffice it to say that the set being offered here is a particularly fine one. Overall grading runs close to Near Mint/Mint. In particular, the contents of each edition are remarkably clean and unblemished. Covers are above average. Gilt is mostly very nice. Since there are some "key" editions, a more complete description of those follows:

1. 1952/53-Fifth Edition-Light spot on front cover, gilt is NM, contents are M.
2. 1949-Third Edition-Spots on rear cover, gilt is dark (as usual), contents are M.
3. 1947-First Edition (first printing)-there is a stencilled "1947" on front cover and a drop of water has caused a 2" running spot. The gilt is Mint as are the contents.

For those of you who are not familiar with the "look" of each edition, it must be noted that the first eight editions are bound in a dark maroon cloth, the ninth edition is an orangey-red color and the balance of the set is bound in the familiar bright red. Of note is the 30th Edition. Because of the nature of the cloth used, most copies exhibit considerable "rubbing". The copy in this set is quite free of those marks.

Due to the overall fine quality of this set, we will depart from our normal practice and require a minimum bid of \$1,500.00.

J56. - A complete set of "Redbooks" (1947-1989) - Very Fine to Mint condition. \$1750.00
